Liste des chapitres d'ouvrage

2015

- Benjamin Campagne, Ghislain David and B. Ameduri
  Recent advances in quasi-anhydroups for fuel cell membranes, 13289-323

2014

- Sophie Monge and Ghislain David
  *Phosphorus-Based Polymers, From Synthesis to Applications*, Journal non précisé, , 2014.
- Sophie Monge, Benjamin Canniccioni, Ghislain David and Jean-Jacques Robin
  Polymerization of Phosphorus-Containing (Meth)acrylate Monomers, 1-18
- Sophie Monge, Alain Graillot and Jean-Jacques Robin
  Polymerization of Phosphorus-Containing (meth)acrylamide Monomers, 19-34
- Ghislain David and Claire Negrell
  Phosphorus-Containing Vinyl or Allyl Monomers, 35-50
- Ghislain David and Claire Negrell
  Complexation with Metals, Anticorrosion Phosphorus-Containing Polymer Coatings, 225-251

2013

- Bernard Boutevin, Rémi Auvergne and Ghislain David
  Thiol-ene radical coupling, a powerful technique for the synthesis of polymer precursors, block copolymers and graft copolymers, 217-235

2007

- Ghislain David, B. Boutevin, Cyrille Boyer and Pierre Lutz
  Synthesis of Macromonomers and Telechelic Oligomers by Living Polymerizations, 775
